EDUCATION

Sophomore Undergraduate

2017-Now

Shanghai Jiao Tong University

I got admitted into Shanghai Jiao Tong University in September 2017 and my major is Computer Science. My grades are as follows:

1. 2017 fall semester GPA:3.8/4.3
2. 2018 spring semester GPA:3.8/4.3
3. 2018 fall semester GPA:3.85/4.3

RESEARCH EXPERIENCE

Medical Images Analysis

2018-present

SJTU, advised by Yu Qiao Professor

We have been using deep learning skills to automate the diagnosis process of medical domains. During the first stage, we worked on the exploration of data augmentation skills and cells classification task. Now we have been working on the automatic cells detection based on DNN.

SKILLS

<i>Languages</i>	Chinese (mother tongue) English (fluent)
<i>Software</i>	OCTAVE, L ^A T _E X, PYTHON, C++, LINUX, DEEP LEARNING, WEB

PROJECTS

Webpuppy

May 2018

Personal

An app on Android which was finished on my Engineering course. This application is aimed at the management of stray pets in our school. Details are available at <http://www.dbgns.com/webpuppy>

Resources

July 2018

Personal

I have been collecting some study resources on my website. Resources will only be used for communication purposes. Available on <http://www.dbgns.com/resources>

LabelImg

August 2018

Our team in SJTU

A software for the annotation of images which will later be used for deep neural network's training. Our mainpage is <http://www.dbgns.com/labelImg>
